

# Announcing a new instructional DVD from Joe Bertagna!

Former Boston Bruins goalie coach **Joe Bertagna** has completed his fourth DVD for Championship Productions of Ames, IA. This one is titled, "Goaltending Today: Traditional Values through New Techniques." Filmed this summer with former NHL netminder **Mike Morrison**, and enhanced this winter with UMass goalie coach **Mike Buckley**, this DVD shows how many of the newer techniques employed by today's top goalies are used to reach familiar goals of proper positioning and puck control.

**Morrison**, a Medford, Massachusetts native who starred at the University of Maine, demonstrates throughout the DVD. **Buckley**, a former Bertagna student like Morrison, trained Morrison as a pro and is one of New England's young cutting edge coaches. Bertagna, a former Harvard University goaltender who has directed his own schools for four decades, wrote and produced the DVD. He also serves as the commissioner of the nation's top Division I college hockey conference, Hockey East, and is in his 20th year as the Executive Director of the American Hockey Coaches Association.
